Product is nonhazardous when used as directed.

KEEP OUT OF REACH OF CHILDREN.

G. — WORK PRACTICES**Handling and Storage**

Caution: Pressurized container. Protect from sunlight and do not expose to temperatures above 120°F (50°C). Do not pierce or burn, even after use. Do not spray on naked flame or any incandescent material. Storage in large quantities (as in warehouse) should be in a cool, well-ventilated area.

Normal Clean Up

Wipe up with towel, etc. and place in container for disposal. Wash residue with water.

Waste Disposal Methods

Dispose in accordance with applicable local, state and federal regulations.

H. — EMERGENCY PROCEDURES

Steps to be taken if material is released to the environment or spilled in the work area
Not applicable

Fire and Explosion Hazard

Less than 5% hydrocarbon propellant in a water base formula. Container may rocket or explode in heat of fire. Hazardous decomposition products may be produced. See Sec. C.

Extinguishing Media

As for adjacent fire. Dry chemical, foam, carbon dioxide, water fog.

Firefighting Procedures

In fires involving large quantities of product, self-contained breathing apparatus should be used. Fight fire from a distance or protected area. Cool and use caution when handling fire-exposed containers.

I. — FIRST AID AND MEDICAL EMERGENCY PROCEDURES**Eyes**

Wash eyes with tepid, clear water.

Skin
